Projects

- June'23– Aug'23 **The Veggie Basket**
Objective: To provide delicious, nutritious, and sustainably sourced vegetarian food options that cater to the growing demand for plant-based diets.
Group Size: 3
Description: Effortlessly place orders, customize your meals, and experience the convenience of doorstep delivery. Embrace a culinary journey that not only delights your taste buds but also supports a sustainable and healthier lifestyle.
- Jan'23– Jan'23 **The memory Card Game**
Objective: To offer a fun and engaging platform that challenges players to enhance their memory capacity, concentration, and pattern recognition.
Description: This game isn't just about entertainment; it's a playful way to boost your memory retention and sharpen your mind. Flip, match, and exercise your brain with each turn, all while enjoying a visually appealing and user-friendly interface. Whether you're a casual gamer or a memory enthusiast, our game offers a delightful experience that enhances your cognitive abilities with every play.

Experience

Teaching Assistant Ship

As a Teaching Assistant for C Programming Language at The LNM Institute of Information Technology, the primary objective is to support students in mastering the fundamental C programming. The role involves conducting tutorials, and providing guidance to students to ensure a comprehensive understanding of programming concepts.
